**MESSAGE FROM THE CONSUL GENERAL OF JAMAICA IN MIAMI ON  
THE OCCASION OF THE STAGING OF THE  
13<sup>TH</sup> ANNUAL TRUE BLUE WEEKEND - 2017**

It is my distinct pleasure to heartily congratulate the Jamaica College Old Boys Association of Florida and the St. George's College Old Boys Association of Florida for yet another staging of the True Blue Weekend.

Not only is this an occasion to celebrate the impeccable football traditions of two of Jamaica's premier secondary institutions, more significantly, it is a fitting tribute to the life and legacy of Dennis Ziadie, who played such an important role in honing the skills of so many young men at both institutions.

The competition will be fierce. The losing team from last year will seek vindication, while the victors will be defending their title, at all costs. But, even as these teams vie for the Dennis Ziadie Cup, the greater message of unity is abundantly clear. This annual event, now in its thirteenth year, stands as a shining symbol of community spirit that exists among Jamaicans in South Florida.

In this regard, this opportunity must be used to salute the work of both associations in promoting greater cohesion within the Diaspora and for fulfilling their respective mandates, which redound to the benefit of their respective students and institutions.

It is no secret that I am a product of that venerable and prestigious institution known as Jamaica College. However, it behooves me to rise above partisanship and to vigorously encourage both associations to continue to give of their best, as ultimately, it is "Team Jamaica" that will reap the success.

On behalf of the Consulate General of Jamaica, I convey best wishes for a successful True Blue Weekend.

Franz Hall Consul  
General

Re: True Blue Weekend 9th Annual Ziadie Cup Soccer Match

Dear Mr. Murphy:

On behalf of the City of Miramar, I greet you warmly and welcome the Jamaica College Old Boys Association of Florida and the St. George's College Old Boys Association of Florida to our beautiful city for the 9<sup>th</sup> Annual Ziadie Cup Soccer Match during True Blue Weekend. Miramar has been the home for this auspicious occasion for four years and the relationship is a strong one. Our LEED Gold Certified Vizcaya Park is such a fitting venue to host the alumni and guests of two outstanding educational institutions, Jamaica College and St. George's College.

As you celebrate the legacy of Coach Dennis Ziadie, we stand in solidarity with you honoring his life and his positive impact on the many lives in Jamaica during his coaching career at both institutions. His legacy lives forevermore due to the philanthropic efforts of both the Jamaica College Old Boys Association of Florida and the St. George's College Old Boys Association of Florida.

I know the True Blue Weekend festivities and the 13<sup>th</sup> Annual Ziadie Soccer Match will be a huge success and I am especially proud that you continue to choose our city, Miramar, Florida, to host your activities. Best wishes for a successful True Blue Weekend.

Sincerely,

Mayor Wayne M. Messam, CGC, LEED AP, BD+C

# Message From The Acting Principal Jamaica College

It is my pleasure to greet you on behalf of the Jamaica College School Community.

Firstly, I wish to commend you on maintaining this excellent tradition of the annual Ziadie Cup. I was fortunate to be at JC when coach Dennis Ziadie introduced total football to JC and Jamaica. We produced two special

teams playing a brand of rotating football that was fascinating and mesmerizing. I had boyhood idols of: Donovan Brown, Maxie Coleman, Jimmy Sinclair, Gregory Reid, Norman Pennycooke, Stephen Bond, Martin Woodstock, Luke Whitney, Ian Gage, Tony and Johnny Chang, Horatio Mitchell and Herbie Nelson. A number of those ballers could easily have won the present Ziadie Scholarship and I haven't mentioned scholarly reserves like Earl Markes. I therefore have a special connection with the late great coach.

I have completed one eventful term as Acting Principal of Jamaica College and began my mandate to build on the efforts of the last ten years.

I am a JC Old Boy with blue blood. I have been a member of the Board for the last eleven years and so this has been a reasonably smooth transition. My main focus is to lead and manage a process of academic transformation geared towards a minimum pass rate of 90% for all external examinations. While there other deliverables, this is my first and main focus.

We have begun by reducing the class size of all Mathematics and English classes in the school, so that they are now at 20 -25 students maximum, down from over 40. We expect this to impact our overall performance in a year. We are reviewing our academic processes and working with the staff to improve in all areas.

The first term saw the deaths of two students from the same class – 3C. Jordan Miller from heart failure and Nicholas Francis was murdered while going home from school. These deaths, along with that of footballer, Dominic James shook our school and country. We, as a school, tried to learn from these experiences and made adjustments to our day to day operations. This included the need to become even more security and health conscious including

screening all footballers/athletes representing the school. This process has been lengthy and expensive but very necessary.

We won the Manning Cup and the Olivier Shield for the fourth year in a row. Our team played the best brand of football and had we taken more shots throughout the season, we would probably have won all four cups. We also performed creditably in the Under 16 football competition losing in the semis. Our basketballers reached the Under 16 finals and in Hockey, we are 5-time defending champions and are still unbeaten. We have performed creditably in every competition entered including Golf and Lacrosse.

Our school band has won several medals at the recent National Cultural Development competition. Our United Nations Club just returned from debating in New York and our Robotics team just returned from New York also after winning several awards in the First US Robotics Competition.

Our performance in external examinations is improving as we scored 91% passes with 40% distinctions in English Language and 85% passes in Mathematics. Our target is to return to the top ten schools in Jamaica in three years.

We are indebted to the Jamaica College Old Boys' Associations of Florida and New York as your contributions to the development of our boys have been significant and consistent. The Ziadie Scholarship has helped a needy boy who has demonstrated notable football and academic standards. Your financial and material support has ensured that JC can maintain high standards of equity in a diverse school population of 1900 boys. We applaud and thank you!

We continue to ask God to "build us up in body, mind and spirit, until we come to the full stature of the perfect man, Jesus Christ, our Lord".

Fervet forever!

Wayne Robinson

## Message From The Principal of St. George's College

Dear STGC and JC Old Boys, and Friends,

I congratulate the old boys of both colleges on the organization of this True Blue/Dennis Zadie weekend.

What a wonderful event, utilizing friendly competition between two great schools to convey a message of unity and collaboration! Though my loyalties will always fall on one side of the fence, the successes of both schools, make collaboration between their alumni a positive and powerful force in promoting ongoing success.

I knew Dennis Zadie very well in my teenage years. He used to say so often that it stands out in my memory, "Don't curse the darkness. . . light a candle". This phrase epitomized the man. The Dennis Zadie True Blue match aptly represents his passion for football, and his outlook of finding the positive in the face of challenges.

Jamaica College and St. George's College continue to stand for excellence in education in the face of a very difficult economy. You are a part of the reason for this. I encourage you all therefore to continue to pour out support for your Jamaican Alma Maters, as we work together to provide a high standard of education for Jamaican Youth.

Whether you support the powerful blue of the ocean beneath, or the awe-inspiring blue of the skies above, have a wonderful weekend of celebrating true blue excellence, true blue traditions, true blue memories and true blue fun.

Kind regards,

Margaret Campbell

# *Jamaican Alumni Associations Making A Difference In Florida and Jamaica*

**SANDRA SCHROUDER, PHD AND RUPERT RHODD, PHD**

Jamaica College Old Boys' Association of Florida and St. George's Old Boys' Association of Florida are two of sixty-one Jamaican alumni associations in the State of Florida that are members of the Coalition of Jamaican Alumni Associations of Florida. Although most are high school alumni associations, there are six associations representing tertiary institutions, two associations representing primary schools, and two associations representing ex-soldiers and ex-policemen. Most associations have the non-profit or 501c3 status.

Jamaican Alumni Associations are important agents of change. They have contributed thousands of dollars to build new educational facilities, and renovate existing educational infrastructure in Jamaica. The associations provide financial assistance to schools in Jamaica through scholarships, breakfast and lunch feeding programs, and to sporting programs like "Champs", Manning Cup and the Penn Relays. Some have even assisted students that have graduated from high schools and are pursuing advanced degrees. In south Florida, Jamaican alumni associations have sponsored toy drives, worked with Habitat for Humanity to help refurbish homes, fed the poor at Thanksgiving, and sponsored numerous health fairs.

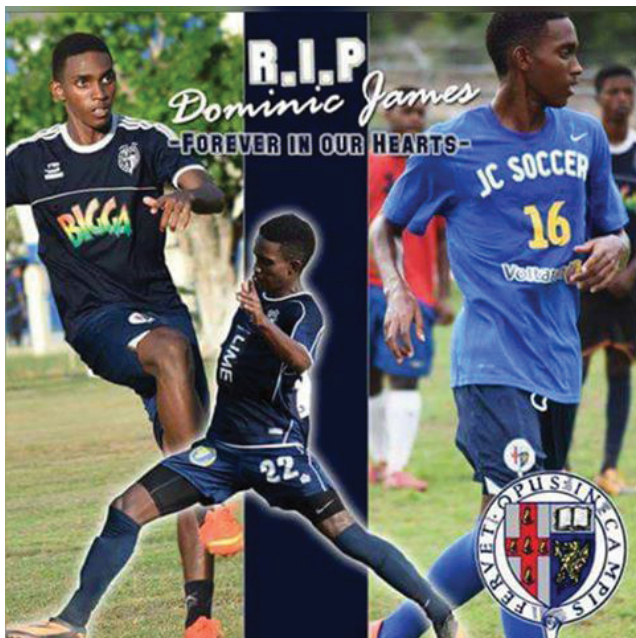

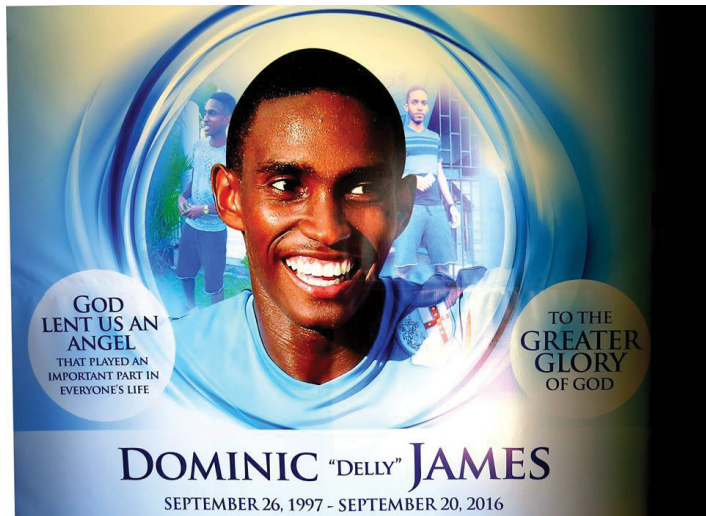

In 2010, the Coalition of Jamaican Alumni Associations of Florida (CJAAF) Inc., was incorporated and now serves as the umbrella organization for Jamaican alumni associations in Florida. The CJAAF was created to assist in the dissemination of information about Jamaican alumni associations registered in the State of Florida and to help in the streamlining of activities of these associations. Since its formation, the CJAAF through its *Coalition Monthly Newsletter*, has kept the Jamaican community in Florida informed about matters pertaining to education in Jamaica, provided information on events sponsored by alumni associations, and on many occasions, has partnered with other groups in Florida to provide lectures and seminars. Through its website [www.cjaaf.info](http://www.cjaaf.info), the CJAAF links Jamaican alumni associations and provides alumni associations an opportunity to stage events together. As the umbrella organization, the CJAAF also acts as a liaison with education policy makers in Jamaica.

What is amazing about Jamaican alumni associations in Florida is their commitment to the cause of helping their alma mater. ALL members volunteer their time to help their alma mater, and all are committed to giving back to their alma mater. Why should you give back to our alma mater? Because it makes sense!!! Our education institutions in Jamaica need help especially now when the demand for the Ministry of Education's limited resources is so great. Furthermore, you are setting an example which others will follow, and you are helping to change lives in a positive way. By giving back, you are investing in your alma mater, making a difference in the lives of students, and in the long run contributing to the economic development of Jamaica. As you continue this tradition of giving back to your alma mater, not only are you impacting something that is dear to your heart, you are also taking ownership of your alma mater's future.

The alumni associations of the two schools headlining this weekend TRUE BLUE activities, St. George's and Jamaica College, are outstanding representatives of what it means to be a part of this large umbrella organization, the CJAAF. They support other organizations and represent the collective will of Jamaican Alumni Associations in Florida to help build communities. They are helping to further Jamaica's development through education by giving back to their alma mater. Jamaica College Old Boys' Association and St. George's Old Boys' Association are making a vital contribution to the social life of the community and education in Jamaica. What they have done over the years MUST continue for decades in the future, because the impact will certainly be greater in the years to come. This can only happen if there are others willing to accept the challenge to serve and give back to their alma mater.

# Dominic James

## *Shades of Blue*

*Your start was epic  
So shall be your end  
You knew how to win,  
Lead and be a friend  
Hard worker that knew  
How to fight  
In more ways than one  
You moved from darkness to night  
You were humble  
Talented, influential  
You were a strong captain  
Your command was presidential  
Wherever you were  
You represented your crest  
No matter the colour  
You gave your best  
Being a champion  
Is the only thing you knew  
So no matter the shade  
You are the definition  
Of what it means to be  
A BLUE*

Simon Brown @Simonthewriter

# Ziadie Cup Players

## Hugh Chin

I attended Jamaica College '94-01', whilst there, I participated in all three (3) levels of football Pepsi, Colts and Manning Cup. I was involved in their '99 squad that made it to the ISSA Manning Cup Finals; furthermore, I captained Jamaica College Manning teams '00 & 01'.

Of the thirteen (13) years that the Ziadie Cup/True blue weekend has been held, I have attended five (5) and traveled all occasions as I currently live in the state of New York.

My favorite thing about the Ziadie Cup/True Blue Weekend is the visible bonds of friendships that came about many years before through the beautiful game, for both teams, and have flourished.

## Richard Strachan

I left St. George's College in June of 1984. During my time at George's, I represented the school on the Colt's team (1977-1979) and Manning Cup team (1979 - 1983).

Regarding the Ziadie Memorial Cup, I have attended and participated in the matches since 2007.

I live here in Miami so that makes it easier for me while enjoying the family atmosphere and seeing friends for the first time in thirty something years.

# Ziadie Cup Players

*Geoffrey Philp*

**What year did you leave Jamaica College?** *I left JC in 1976*

**Did you play competitive football at school?** *I played for Murray, Cowper and for the 76 Manning Cup team*

**Of the 13 years we have had Ziadie Cup and True Blue Weekend how many have you attended?** *I have attended 11*

**Do you live here or travel here to Ziadie Cup and True Blue Weekend?** *I live here in Miami*

**What your favorite thing about the Ziadie Cup and True Blue Weekend?** What I love about the Ziadie Cup weekend is the camaraderie that we as JC Old Boys have sustained over these many years. *It's also a way of meeting other Old Boys, those who came before I attended and those who came after I left. It really is a special connection and we are very fortunate to have a bond like this because there are not many people, especially here in the US, who can say that they have kept a real relationship with their school and classmates.*

*Denis Chung*

**What year did you leave St. George's College?** *I emigrated to Canada after fourth form, but would have graduated in 1973.*

**Did you play competitive football at school?** *Yes, Manning Cup team of '71-'72. Coached by Bunny Goodison, with help from Jackie Bell. I begged my family to allow me to stay and graduate, but the real reason was to play the next season. We had real chemistry, and even with losing a few sixth formers, we had good replacements coming up from the Colts team.*

**Of the 13 years we have had Ziadie Cup and True Blue Weekend how many have you attended?** *All...it's fun, and has potential to be even greater!!! I respect the spirit in which it was created, and would even consider adding Jackie Bell's name to the marquee.*

**Do you live here or travel to Ziadie Cup and True Blue Weekend?** *I'm fortunate enough to be local.*

**What your favorite thing about the Ziadie Cup and True Blue Weekend?** *The main purpose of these events should be maintaining support for these wonderful schools. Secondly it's a great opportunity for seeing folks we wouldn't normally run into; to laugh, reminisce, and bond with our people.*

# Jamaica College 2016 Manning Cup Season

The 2016 manning cup season was truly a special one for the True Blues. Jamaica College the most successful school in the history of the Manning cup added more trophies to their already well designed trophy cabinet; walking away with the Manning Cup and Olivier Shield trophies respectively. Jamaica college played 6 first round group games winning all but one which they drew with St. Andrew Technical (STATHS) on their home ground. They would then advance to the flow Super Cup and Walker Cup knockout competitions.

Their Flow Super Cup run came to a premature end when they were knocked out in the first game of the tournament. That loss didn't break the True Blue spirit as they went on a winning spree as they normally do when the second round of the manning cup heats up, winning all their second round group games with maximum points as well as breezing through the Walker cup knockout matches and advancing to the finals.

The Jamaica College team coached by the Illustrious Miguel Coley reached the finals of the Manning Cup for a 4th consecutive year where they eased past their semi-final opponents Holy Trinity high school 5-0, with goals coming from Oquin Robinson, Tyreek Magee, Duhaney Williams, Maliek Howell, and Chavany Willis. To achieve the dream of winning the 4th straight manning cup title, Jamaica College would have to take on the high flying Wolmers boys school which everyone was hyping at the time because of their success in winning the Flow Super Cup. As they normally do in True Blue fashion, Jamaica College was dominant against the Heroes circle based school from start of the game until it concluded, walking away 2-1 victors. The score line might not highlight the dominance displayed by Jamaica College on the day, with the goals being scored by Tyreke Magee and Donovan Dawkins.

We faced Kingston College in the Walker Cup finals which we lost 2-0 continuing the Walker cup curse as they dubbed it. The dark blues later played Cornwall College in the Olivier shields finals which they won on 4-3 on penalties inside Catherine Hall stadium in Montego Bay.

The season was as great as ever for the 189 Old Hope road team taking into consideration all the challenges they faced leading up to the competitions and the tragedies that occur while the competition was in play.

## 2016 Dennis Ziadie Scholarship Recipient

### Tyrese Small

Hello my name is Tyrese Small, I am sixteen years old and I am currently in 4<sup>th</sup> form. I live with my mother and a few other relatives in the "Top Range" community of Kingston. This past year I played for the Jamaica College U-16 Colts football team, while helping my team to advance to the semi-finals of the competition. Having been selected to receive this scholarship, will open more opportunities for me as a student athlete, and I will be able to be more focused as a pursue my two main dreams of becoming both a successful business man and a professional football player. Not having to think about how I would attend school, how I am going to buy lunch or not having the requisite books to study would be a burden lifted from both me and my parent's shoulders. Receiving this scholarship is also going to push me to strive towards the path of success and encourage me to strive for excellence so that I can set a new standard in my family.

Facing life's struggles while growing up in the "Top Range" community, has taught me that to be great, I must be humbly and grateful for any opportunities I am afforded. I know that with this scholarship, I can achieve much more and that I will make my family, school and myself proud. I am currently pursuing Technical Drawing, Mathematics, English Language, Principles of Accounts, Principles of Business, Electrical, EDPM and Physics, and I currently maintain a B+ average in school. My goal is to pass all my CSEC subjects with distinction which would allow me to advance to 6<sup>th</sup> form, which would set me on the path of establishing a business to benefit my family. Football is a game I put my heart into not just my legs, and I always imagine myself playing for one of the best teams in the world FC Barcelona. While football is one of my passions however, I also enjoy reading and playing video games in my spare time.

## St. George's College 2016 Manning Cup Season

The 2016 Manning Cup season was one which will be remembered for the tragedy of the passing of our beloved captain Dominic James on the 20<sup>th</sup> of September, 2016. It would have a profound effect on the psyche of the team, the school and indeed the wider community. We were not able to recover.

The season started promisingly as wins against Tivoli High and Tarrant gave the team a positive feeling in not only retaining the Flow Cup but to win the big one, the Manning Cup. However, the 20<sup>th</sup> of September was to go down as one of the saddest day in the modern history of St. George's College. Our talented captain Dominic James would collapse in the seventh minute of the away game against Excelsior High. He was pronounced dead at hospital shortly afterwards. It devastated the STGC team and sent shockwaves throughout Jamaica.

The Light Blues, with Coach Neville Bell showing great courage and backed by the STGC Administration pressed on with the season in the hope of a rebound. We had good wins against Greater Portmore and Tarrant High but found Excelsior High too much on our home turf. We lost 0-1 to Excelsior in a game that was a hint at was to come. In the replayed first game, we needed to beat Excelsior. It was not to happen as the game ended 2-2. In the end, we ended up second in the group which meant that we would be out of both the Flow and the Walker Cups.

In the Second Round, we would face the very strong Wolmer's Boys, the eventual winner of the 2016 Flow Cup. We had wins against Haile Selassie and St. Catherine High. However, we were beaten by Wolmer's 2-0 and this ended our campaign for 2016.

Preparations are now in place for the 2017 season with initiation of the Elite Football Program at STGC where Under 16 talented footballers train three times a week in the off season. Tied in to this is a strong academic component where the students do Math, English, Spanish and Computing. We think this the first of its kind in Jamaica.

We look forward to the 2017-18 football season in which we intend to come on with a BANG!!!

Lloyd Tenn

AMDG

## Ziadie Cup Player

*Kowri Pickersgill*

I am Kowri Pickersgill, (Zaidie Cup MVP 2009). I left JC in 2001. I represented JC in Colts and Manning Cup. Of the 13 Ziadie Cups, I have played in 5.

The first time I attended the event I traveled from Jamaica. The other times from New Jersey. My favorite thing about the weekend is the high school vibe and the reunion with long time friends as well as the stories from my college brothers before me.

# Resilience

Lynwall "Fari" Tucker

I played on six St. George's College (StGC) teams: one Colts, four Mannings, and the 1973 team. I enjoyed playing on everyone of those teams, win, lose or draw. I played with some tremendous players, but I must admit to a special affection for the 1974 team. It was my first team as captain. It was an inexperienced team that faced some challenging obstacles and showed the courage to face those obstacles and turn into players that represented StGC with *Pride* and *Dignity*. Coming into the 1974 season there were some concerns. That summer's tryouts saw only two players with any Manning Cup experience, myself and Donovan Clarke (*Musclehead*).

Manning Cup takes players and fans on an unbelievable rollercoaster ride of emotions, from sorrow and heartbreak to jubilation and celebration. It brings excitement, hype, glamour, fame, some great football, and I must admit, the increased chances of attracting the fairer sex, the ladies, lol. It also brings the stress of expectations for both fans and players. The pressure of not losing to your arch rivals. The pressure of carrying the weight of your school's pride on your shoulders. During the 1960's coming into the 1970's George's had built a reputation of great teams and great players. A reputation that had started to wane a little especially in comparison to our counterparts across the street, Kingston College. So here we were in 1974, I figured myself as an experienced forward and Musclehead as an experienced defender was a starting point. Add to that we had Trevor Speedy Palmer who had an excellent season at center half, a very capable goalkeeper in Paul Miller, Carlton Bolton forward and Cyril Cornwall midfield, all from the 1973 Team.

Jamaica College (JC) was our first Manning Cup match, a contender for the Championship. How was this young team going to respond to the negative press, the opinion that we were going to get beat handily by JC. Standing in the tunnel at the Stadium, I look across at the JC players, Sinclair, Coleman, Pennycooke, Bond, Woodstock, Shenk, Herbie Nelson (RIP), some of the best schoolboy players. Early in the match Herbie Nelson gets a through pass just outside our 18 yard box. Bobby Lue closes from the left. They clash like two gladiators in the ring. I hear the thunderous sound of two boots coming together with force with the ball in between. Herbie falls forward, Bobby Lue standing there triumphant, ball at his feet. JC was in for a fight. The Gleaner would write that George's dominated the first part of the match with clever short passes. They would also give credit to Bobby Lue, Pablo Chin, and goalkeeper Paul Miller for keeping the JC forwards at bay. My midfield partner now was Deecee Cover. He was roaming all over the midfield disrupting plays undaunted that it was Shenk and Woodstock we were up against. Musclehead on the leftwing using his low center of gravity to ride tackles and be a nuisance to the JC defense. We battled JC straight up. Then it happened. Mitchell gets a pass from Shenk and was able to loop it into our goal. We were inside of 5 minutes left in the match. Herbie Nelson scrambles home a second with only a couple minutes left, heartbreaking. All that effort and we still fell short. I sat on the floor, back against the wall in the tunnel, towel over my head in the aftermath of the match. It hurt. This young team had just played their hearts out, left everything on that Stadium Field only to lose in the cruelest of way. When it looked like we could pull off the impossible and at least draw with the mighty JC, and have it snatched away in the dying minutes of the match, yeah it hurt. In the end the consolation was, JC went on to become Manning Cup Champions. We lost to the best.

The question now was how will this team respond to this setback. The response was no losses the rest of the competition with only one goal conceded in five matches.

## Ziadie Cup Player

Ashani Walker

I left JC in 2011. While attending JC we won 2 Manning Cups, 2 Olivier Shields, and 2 Walker Cups. I have attended 4 Ziadie Memorial Cups, traveling to 3. I am now living here and attended 1 more.

My favorite part of the weekend is the vibe as we get a chance to see people we haven't seen for years as well as we get a chance to meet people we've heard stories about while reminiscing about the tradition of the College in different eras.

*with Our Compliments,  
& Wishing you an enjoyable  
True Blue  
Weekend!*
